Testimony in Opposition of HB 6355 AN ACT CONCERNING RISK PROTECTION ORDERS OR WARRANTS.

To (1) establish a risk protection order and to expand upon the list of persons who may be complainants for purposes of issuance of a risk warrant; (2) require the Judicial Branch to develop and make available a form and explanatory materials to persons applying for a risk protection order; (3) disqualify persons subject to a standing risk protection order from possessing firearms or ammunition; and (4) penalize any such possession.

Dear Chairmen and Members of the Judiciary Committee,

This testimony is in opposition to this bill.

The state of Connecticut has numerous laws on the books, especially in the area of gun use and regulation/restrictions as well as judicial laws; this would only create another law.

Current laws should be used judiciously.

Connecticut citizens all have the freedom to live life, and make choices that work for one's own life; one should not be grouped collectively and controlled by a law; the attempt of this bill is removal of Constitutional Rights, specifically in regard to the Second Amendment.
